Dear Harold,

Enclosed please find various clippings on subjects of interest,ie Hersh, JFK,MLK,Nixon etc.

How are you both and what have you been up to lately? I've been very busy with my job,my house fixing it up. Am in the middle of putting in a new downstairs bathroom. Lots of work. How did you make out with the painting on your house?

Watched a history channel speciallast night on the anniversary of the JFK assassination. Well done about the news coverage of those 4 days. I was only 2 years old at that time. For some unknown reason this year the assassination anniversary saddened me more so this year. Don't know why.

Take care and hope you are well.

Scott

P.S. Enjoy the clippings
